- * Performance measures for the Veterans' program are negotiated separately and distinctly from the WIA and Wagner-Peyser measures. The Department has submitted a proposal for the Veterans' program PY2008 performance measures that mirrors the proposed PY2008 WIA and Wagner-Peyser measures. The Trade Adjustment Assistance program's performance measures are federally mandated and are not negotiated by states. Indiana's proposed measures were developed utilizing estimates of current performance of the entire shared customer pool.
